Stool with a backrest of elegant and minimalist design. Anatomically designed shell in varnished beech wood, with a double curve for lumbar support. The combination on the chrome-plated or painted finish of the frame and the wenge or natural wood tones makes for an article with simple, harmonious and functional lines, which can be integrated into any environment.

This stool has a wide shaped seat and backrest in a single varnished beech wood shell over a 16 Ø reinforced tube frame.

Shell finished in chrome or epoxy paint.

Wood shell finishes in different varnishes.

Colours and varnishes available according to chart in general catalogue.
